## About the Conference

The **International Conference on Artificial Intelligence and Sustainable Innovation (ICAISI) 2025** aims to unite researchers, academicians, industry professionals, and policymakers to explore the transformative role of Artificial Intelligence (AI) in addressing global sustainability challenges. This prestigious conference serves as a platform for sharing cutting-edge research, fostering collaborations, and exploring AI-driven solutions for sustainable development. ICAISI 2025 will cover a broad spectrum of topics, including but not limited to:

- AI for Smart Computing & Communication
- AI for Smart Cities & Sustainability
- AI in Healthcare & Medical Applications
- AI Ethics, Fairness & Governance
- AI in Renewable Energy & Smart Grids
- AI for Cybersecurity & Data Protection
- AI & Edge Computing for IoT
- AI in Business & Finance for Growth
- AI for Sustainable Education & Digital Learning
- AI in Transportation & Mobility

\* The Call for Invited Special Session Tracks at ICASI-2025 invites researchers, academicians, and industry experts to propose specialized tracks focusing on innovative and emerging areas of Artificial Intelligence (AI) and Sustainable Innovation. <https://icaisi.in/#special-tracks>

All accepted and presented papers will be included in an ICAISI-2025 book chapter proceeding for publishing in Taylor and Francis (CRC Press) which will be indexed in Scopus\*.
